Protecting Inkjet Prints

Description

Protecting Inkjet Prints

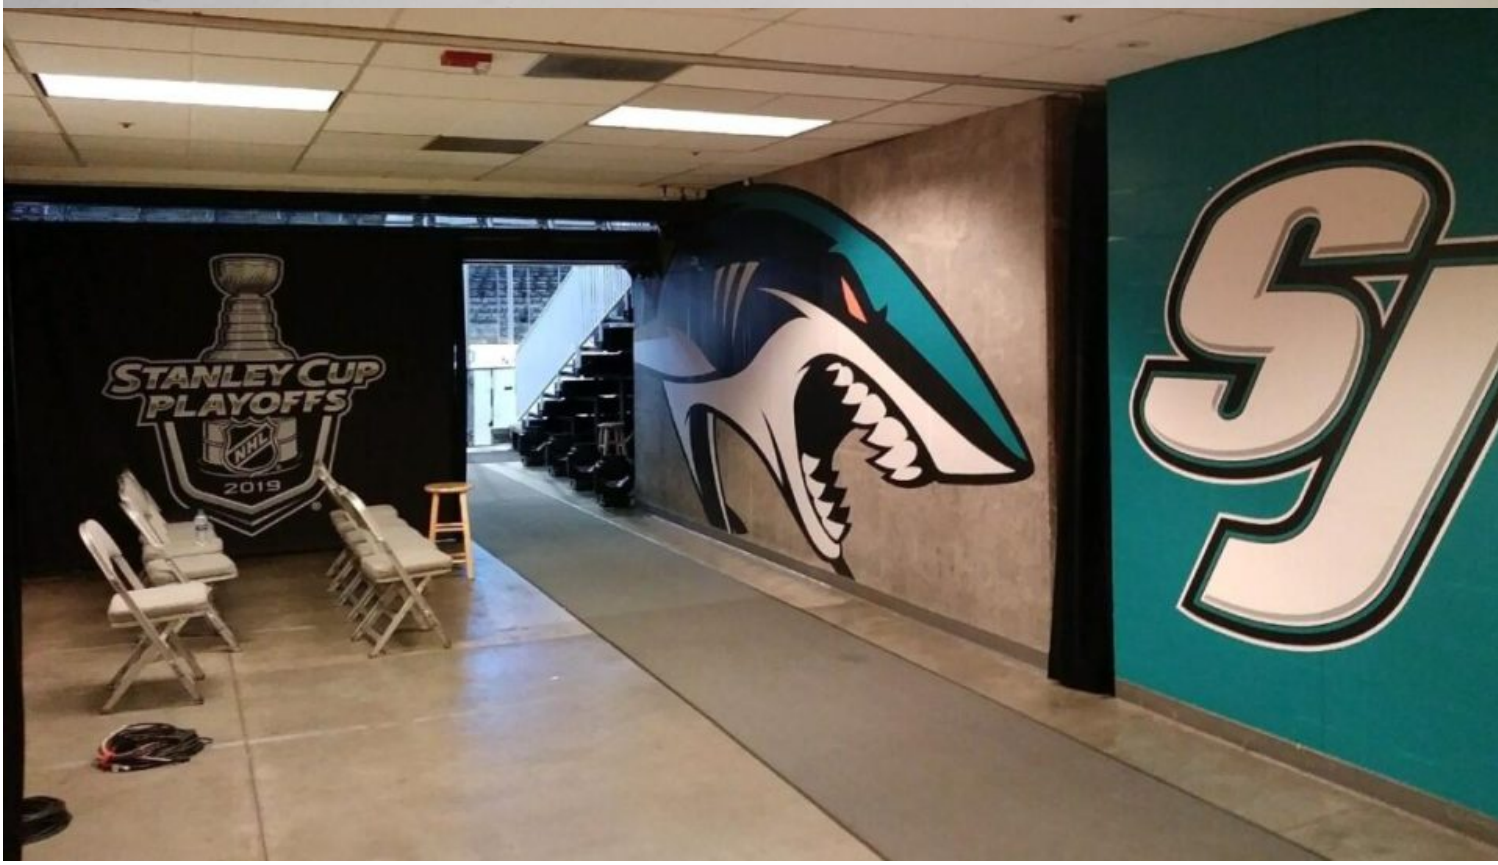

If the durability and longevity, or just added protection of your **Digital Prints** is important to you then look no further than The **ClearShield** and **ClearJet** range of **Liquid Laminates from Landor.**

Depending on your digital printing process, **Aqueous Inkjet** or **(mild) Eco-Solvent Inkjet** there is a Liquid Laminate developed for you, ClearShield Original and ClearShield LL or ClearJet Original. Protection and enhancement of digital printing with **UV Curable** inks is achieved with ClearShield CSX5000.

ClearShield Liquid Laminates offer the same protection and image enhancement as film laminates and in many applications are more flexible, not only that by liquid laminating a digital print you can **save as much as 60%** in production cost. UV protection, chemical resistance, abrasion resistance and flexibility are just some of the benefits of protecting digital prints with ClearShield liquid laminates. To ensure maximum protection our laminates are specifically formulated for a variety of inks and applications such as **banners, truck side curtains, fine art prints and vehicle graphics**. ClearShield Original and LL

are available in **Gloss, Semi-gloss, 20 degree satin and Matte**.

ClearJet makes Laminating digital printing with dye-based inks and water-sensitive ink/media combinations hassle free. ClearJet can be used on most substrates, including **canvas, vinyl (enamel receptive and non-enamel receptive), banners, fibreglass, wood, metal, plastic, and paper**. ClearJet is designed for water-based inks and can also be used on solvent-based inks when applying by **aerosol or spray applications**. ClearJet Original is available in **Gloss, Semi-gloss and Low-gloss** .

Liquid Laminates can be applied with a multitude of methods, either via an automated Liquid Laminator, spray gun or a more manual process of hand roller. Making the Liquid lamination of Digital Printing not just more economical but far more flexible and accessible for both commercial and home use. Protect and enhance wide format commercial prints or your home inkjet print now!

To find out more about our comprehensive range of Automated Liquid Laminators for use with our Liquid laminates go to Landor Liquid Lamination machines page, send an email or give us a ring on +44 (0) 1252 624411 to talk to our friendly and knowledgeable team.
