Our Liquid Lamination coating starter kit will help you to test and evaluate all your different media and substrates and their compatability

With over 20 years experience in liquid lamination coatings for the digital print sector we can usually save you the time to discover for yourself. However it is always good to check for yourself.

Our starter kit is available online but we will be delighted to speak with you personally to establish the best finish (gloss, satin or matt) or materials suitability ie: wallpaper matt, our anit-graffiti, and our anti-microbial coatings.

We are also available to undertake coating on demand, or you can rent, lease or purchase our range of liquid laminators.

*This offer applies to mainland UK deliveries, but overseas prices can be quoted on request.
